### Reopening

As per government guidance, pupils are expected to return to school as of Monday 7<sup>th</sup> September 2020. Children should to wear full school uniform. Social distancing will be in place according to government guidance.

### Bubbles

#### **Nursery**

Pupils will attend the morning or afternoon sessions as per their allocation.

#### **Reception:**

The Reception classes are named Potter and Donaldson. Children will remain in their class for the majority of lessons but where necessary for subjects such as phonics children will work in smaller groups across the year group. Pupils will have their own allocated desk and resources. They will also have access to the outside area. Resources will be year group specific and will be thoroughly cleaned in between uses.

## Entering and Exiting Site

### **Nursery:**

Pupils will be brought onto site by their parent or carer. They will enter through the Nursery Entrance on Turner Road and will take the first left across the Nursery playground where pupils can enter the site through the playground Nursery door. Once their child is in school parents will exit the site quickly through the gate onto the car park. There will be bollards in place to provide a clear pathway for parents and to keep them separate from cars in the car park. There will be staff positioned in the Nursery playground and car park reminding parents to maintain 2m distancing and dispersing any groups that congregate. Nursery pupils are expected to be brought into school at the normal times of 8:20am and 12:20pm. The same route will be taken when collecting at 11:20am and 3:20pm.

### **Reception:**

Pupils will be brought onto site by their parent or carer. They will enter through the Nursery entrance on Turner Road and follow the one-way system to their child's classroom. Parents and carers will not be permitted to enter the school building. Once their child is in school parents will exit the site quickly through the gates on Windy Alley. There will be staff positioned across the school site reminding parents to maintain 2m distancing and dispersing any groups that congregate. A member of staff will also be positioned at the Nursery entrance to ensure a steady stream of parents onto the site. Reception pupils are expected to be brought school between 8:50-9:00am. The same route will be taken by parents when collecting at 2:50 -3:00pm.

## Start of School Day

### **Nursery:**

Before entering the school site pupils will be given hand sanitiser, ensuring that all parts of the hands are covered. Children will then be guided by staff to wash their hands thoroughly with soap before moving to their key worker area where there will be a "fiddly finger" activity set up.

### **Reception**

Before entering the school site pupils will be given hand sanitiser, ensuring that all parts of the hands are covered. If children bring in their own packed lunches, these should be in disposable carrier bags with their names clearly labelled and placed on the lunch trolley in allocated spaces. Children will then be guided by the staff to wash their hands thoroughly with soap before moving to their desks where they will be a number of morning activities set up.

## Staffing

### **Nursery**

Mrs Oram	Class Teacher
Mrs Stagno	Teaching Assistant
Mrs Cheatle	Teaching Assistant

## **Reception**

Miss Begum	Class Teacher
Mr Lyne	Class Teacher
Mrs Ferrett	Teaching Assistant
Mrs Ward	Teaching Assistant
Miss Pinkey	1:1 Teaching Assistant

## **PPA**

To enable all teachers to have their required PPA, cover will be carried out by support staff and members of the PE Team.

## **Break Time**

Reception break time will be in their Reception playground. Pupils will have a snack and will go to the bathroom before break time. They will have a box of playtime resources provided by the PE team. The playtime box will be stored in their classrooms and is only to be used by the pupils in that year group.

## **Lunch Time**

Reception lunch time will be staffed by the TA in the year group. The teacher will escort their children to the hall or their designated outdoor area and remain in the hall for the first 15 minutes of lunch time. Once all children have finished their lunch they will be taken, by the TA, to their playground area. The teachers will collect the children from their designated area and walk the children back to the classroom, entering through the external doors. The children will sanitise their hands upon entering the building.

## **Cleaning**

Classrooms will be regularly cleaned throughout the day by staff. This will be an 'end of day' level clean including emptying the bins. Throughout the day, staff will have cleaning equipment available to clean resources and high contact points. ADPA site team will also be responsible for regular cleaning of doors/handles and other 'high-contact' areas. Lidded bins will be emptied regularly.

Staff will be responsible for ensuring that all resources used are thoroughly cleaned at the end of the day. This will include;

- Milton tablets to soak toys and water bottles.
- Wooden toys cleaned with soapy water.
- All electronics to be wiped with disposable wipes.
- Story book covers wiped down.
- Resources in individual pupil trays.

## **Handwashing**

Handwashing will be undertaken at the start of each day and will continue regularly. Hands should be washed thoroughly for 20 seconds with running water and soap and dried thoroughly.

### ***All pupils will wash their hands;***

- Before leaving the classroom

- On entering their classroom
- At the end of the day.
- If they sneeze or cough.
- After physical contact.
- Before eating e.g. snack
- After using the bathrooms
- When hands are visibly dirty.

## Use of Bathrooms

Cubicles and sinks will be labelled with class names. Pupils are only permitted to use the bathroom for their class. Before leaving their classroom to use their bathroom children will, with the support of their TA, sanitise their hands. Pupils are expected to thoroughly clean their hands, with support if needed after using the bathroom. Pupils will need to use the bathroom before break and lunch as there will be limited access whilst in the playground.

## Intimate care

Where pupils require an additional level of intimate care e.g. nappy changes, staff should wear the same level of PPE that is normally required. There will be disposable aprons and gloves available within the environment. All soiled materials should be double bagged and immediately disposed of. Where items need to be sent home they should be double bagged and stored out of reach of pupils.

## Resourcing

All soft and non-washable resources and toys that can be placed easily in the mouth e.g. dolls bottles will be removed from Nursery and Reception. This includes dressing up costumes, aprons and area bands. Learning opportunities will be planned to use the outdoor areas as much as possible. Each class will have two sets of story books- these should be cleaned and switched between daily (a book box is set aside for 24hrs after use).

### **Nursery**

Resources will be divided into AM and PM resources. These will be moved into the classroom between sessions. Internal sand will be closed, and this equipment will be removed to allow for additional space. Play dough will be permitted with the use of individual pots- this will form part of small groups during the week.

### **Reception**

Pupils will have drawers with individual resources. These will include; pen, pencil, ruler, sound mat, number cards, glue, scissors, playdough, multilink. Other resources in the classroom will be available and these will be cleaned in keeping with the guidance above. Resources will be kept to a minimum. No resources will be able to be taken home and no toys from home will be allowed on site.

## Parent Meeting

If teachers need to speak with parents, they will text parents with a time to expect a call. This time should be reiterated at collection. There are to be no face to face meetings between teachers and parents unless they have been booked in advanced and approved by a member of SLT.

## Assessment

Teachers will use EExAT to identify children's learning, progress and gaps and teach accordingly using the EYFS framework, working towards children mastering their own age-

related milestones. Using knowledge of development from Sheridan's 'From Birth to Five Years' staff can support development across the 7 areas of learning through child-led play.

**Using EExAT**

- Capture assessment in Window 3
- Use the 'flag' function when children are no longer displaying levels of development that they were before
- Raise concerns quickly with SENCO if development has regressed more than 6 months
